

NEW SPOOKY LOCATION!

"A good storyteller brings their own individual spark to a traditional tale, weaving language, heart and wit to transport their audience into realms of the imagination and bring them safely back home again."

Bronia Evers, professional storyteller, puppeteer, designer and maker

TUESDAY 11th OCT 7pm FOR 7.30pm

ONCE UPON A TIME: THE ART OF STORYTELLING

led by Bronia Evers, storyteller

About Bronia

Bronia is an experienced storyteller working in the oral tradition. In 2006, she co-founded the storytelling company ONE MOMENT IN TIME; specialising in work for children and young people. Organisations she has worked with include the Lyric Theatre, the Pop-Up Festival of Stories, Historic Royal Palaces, Manchester Literary Festival and Little Angel Theatre. Bronia is a graduate of the International School of Storytelling and holds a BA in Theatre and English Literature.

About the workshop

Through a series of games and exercises we will explore some of the fundamental techniques for breathing life into a story. Using voice, text and gesture you will work with a short folktale; seeing it taking shape and exploring ways to captivate your listeners. Whilst the workshop material is based on traditional folk stories, the skills you will learn can be applied to other forms of storytelling; such as historical stories, autobiographical material and contemporary fiction. All storytelling material provided. Just turn up.

"A good story well told can create a bridge between the storyteller and the listeners, so that the story is co-created between the two rather than simply told and received."
