

STC AGM 13 July 2021.

Membership Report

Membership renewals were suspended from March 2020 at the onset of the Covid lockdown emergency as of course we were unable to meet in person to fulfil a conventional programme of events.

The unexpired portion of each individual's membership was noted and this will be reapplied when normal activities resume.

So, for example if a member's subscription would have been due in June 2020 (three months into lockdown) and we restart from mid July 2021, their renewal would fall in mid-October. This avoids the administrative impact of simply restarting everyone on the same date.

We are very grateful to those members who had automatic payments set up and maintained them over the year - these fees have been treated as donations to STC.

Numerically, the position as the beginning of Lockdown is that we had 59 paid up members.

The total number of people on our Mailchimp marketing list at the time of writing is 911.

Terry Wynne
Membership Secretary
