**TUESDAY 11th Sept 7pm FOR 7.30pm**

**Streatham Shorts (3) - From page to stage**

***THE SCRIPTS ARE IN - our 3rd NEW WRITING EVENT -  
(Preview performance of 5 x10 minute plays)***

**Invitation to support local playwrights develop their work**

The scripts are in - we have chosen 5 pieces and invited each of the 5 playwrights to come along in person to introduce their work to you as our invited workshop audience at Vinters studio 2.

The evening promises to be eclectic and entertaining - the selected pieces mix location, style and format to include comedy, pathos, love, regret, drama, politics, romance and violence.

Each playwright has been asked to introduce their piece; to tell us what inspired them and how we, as the invited audience (including writers, actors, directors, stage managers and theatre-goers), might support their creative process.

Some playwrights may decide to hear the full piece read aloud by volunteers from the floor. Others may focus on a short extract and use the space/ time for a scratch rehearsal, looking at issues of plot, characterisation or staging.

So, please come along to the event - you're welcome whether you want to just listen, read-in or act in the parts. Bring your experience and feedback as an audience member, actor, director or stage manager.

Help STC offer critical feedback to our writers to support them in their writing endeavours.

Will STC find some new short plays to perform?
