Sci Fi Play reading:
POMONA by Alistair McDowall

A 'just for fun' play reading of Alistair McDowall's *Pomona*

The play centres on Ollie who is searching for her missing sister in Manchester. In desperation, she finds all roads lead to Pomona, an abandoned concrete island at the heart of the city. Here at the centre of everything, journeys end and nightmares are born. The play's structure is episodic and non-chronological, suggesting that Ollie's sister may not exist.
