12th July Second Tuesday event:
A new look at Music Hall

"Old Time" music hall, "Variety", Saturday Night TV shows, "Stand-up" - these form a line of development for popular entertainment through the ages.

At this second Tuesday event Liz Burton and Ian Freeman will be presenting an overview of music hall and its variety of "turns", and how it morphed into variety on stage and ultimately on TV. They might even lead us in a song or two!

For this year's **Streatham Festival in October** we're planning our own take on the old time music hall - with a variety of entertainment styles from across that history.

We'd love to have your contribution ...so come along to this event and

join the discussion about what we should present, and even offer up your own "turn" for that festival show.

Free admission and liquid refreshments!

Doors 7pm, event starts 7.30pm - 12th July - Vinters Studio 2, 1b Sunnyhill Road, SW16 2UG

Casting will take place later this year, so at this stage we are looking for help with music, singing, choreography, costume or other areas? Let us know at info@streathamtheatre.org.uk

PS we are also being videoed for a documentary!
